## TIMELINE OF DEATHS & INJURIES CAUSED BY CATERPILLAR BULLDOZERS

Cat D9s played a MASSACRE major role in crushing

the 2nd Intifada. An area the size of 2 football pitches was levelled in Jenin Refugee Camp. One soldier said: "Many people were inside houses we started to demolish...If you knocked down a house, you buried 40 or 50 people for generations."1

HUSSEIN GAZA

vere injured when a nome in Rafah at 5am. The Israeli Occupation Forces (IOF) fired on those who tried to help evacuate the

2003

Rachel, a volunteer with the International Solidarity Movement was crushed to death by a D9. She was trying to prevent the demolition of the Nasrallah family home, while the family was inside. Rachel was wearing a flourescent jacket & fellowactivists were screaming at the driver to stop.5

Soldiers launched an family home for 8 hours, firing live the house. The IOF used a D9 bulldozer to start

An armoured bulldozer crashed into Mohammed's car when he was driving to work, killing him & seriously injuring his son. Soldiers were returning the bulldozer to a military base after demolishing 4 Palestinian homes in a punitive demolition in Beit Kahil.9
